

SUBSTITUTE **RESOLUTION**

WHEREAS, the City of Chicago has an obligation to protect the health, safety, and welfare of its residents and to ensure that residential properties are maintained in compliance with the City's Municipal Code; and

WHEREAS, the City of Chicago has established procedures for identifying building code scofflaws and problem landlords, including owners who have repeatedly been subject to enforcement proceedings resulting in findings of liability for serious building code violations; and

WHEREAS, Section 2-92-416 of the Municipal Code establishes the City's definition of a "problem landlord" and authorizes the Commissioner of Buildings, in consultation with the Corporation Counsel, to maintain a list of building code scofflaws and problem landlords; and

WHEREAS, despite the City's existing enforcement authority, residents and community stakeholders continue to encounter challenges involving chronically neglected residential properties, repeated building code violations, unsafe living conditions, delayed repairs, displacement, and landlords who repeatedly appear in enforcement and housing-related proceedings; and

WHEREAS, effective enforcement of housing and building standards frequently requires coordination among multiple governmental entities, including the Department of Buildings, the Department of Law, the Office of the Mayor, the City Council, the Circuit Court of Cook County, and others; and

WHEREAS, the Circuit Court of Cook County's First Municipal District includes a Housing Section that handles housing-related matters, including eviction proceedings and other matters affecting landlords and tenants; and

WHEREAS, the Circuit Court of Cook County has previously implemented programs designed to improve coordination and assistance in eviction proceedings, demonstrating the potential value of collaboration among governmental agencies and housing stakeholders; and

WHEREAS, residents should not be required to navigate disconnected government systems when serious and recurring housing violations involve both municipal enforcement and court proceedings; and

WHEREAS, improved communication, information sharing, case coordination, and identification of repeat offenders may allow governmental entities to address chronic housing problems more efficiently while protecting the due process rights of property owners, landlords, and tenants; and

WHEREAS, the City Council believes that a coordinated examination of the City's existing problem-landlord enforcement mechanisms and the interaction between municipal enforcement proceedings and the Cook County court system is warranted; now, therefore,

BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF CHICAGO:
