

Committee on Police and Fire Resolution

WHEREAS, the Chicago Inspector General on multiple occasions has analyzed Chicago Police Department staffing and determined that hundreds of positions currently being performed by sworn officers could safely be done by civilians; and

WHEREAS, civic organizations have researched the issue and concluded that Chicago has an extraordinarily high ratio of sworn to civilian positions compared to other jurisdictions;

WHEREAS, the Office of Public Safety Administration was created to maximize resources and move sworn public safety personnel back to the street; and

WHEREAS, there remain hundreds of sworn officers assigned to civilian positions and positions already designated as eligible for civilians to work in; and

WHEREAS, multiple mayoral administrations have expressed the goal of making progress in this area; and

WHEREAS, we have a responsibility to be good fiscal stewards of Chicago taxpayer funds, and it is more efficient to have civilians perform administrative work; now therefore

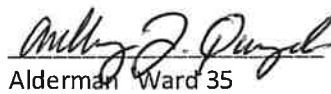

BE IT RESOLVED, that the Chicago Police Department and Public Safety Administration report to the City Council Committee on Police and Fire and Committee on Budget regarding the fiscal impact of having sworn officers in civilian positions, the progress made in the past year in regard to civilianization, and any existing plans to further improve civilian hiring.
