

ORDINANCE

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF CHICAGO:

SECTION 1. Section 2-68-050 of the Municipal Code of Chicago is hereby amended by inserting the language underscored, and by deleting the language struck through, as follows:

2-68-050 Data residency requirements for City data.

(a) For purposes of this section:

(Omitted text is unaffected by this ordinance)

“Labor peace agreement” means an agreement that prohibits a labor organization and its members from engaging in work stoppages, boycotts, or any other activity that may interfere or hinder the performance of a contract for the duration of such contract and contains a means of resolving disputes between the parties of such contract.

(Omitted text is unaffected by this ordinance)

(c) (1) Unless otherwise prohibited by federal or State law, and subject to paragraphs (2) through (5) of this subsection ~~(b)~~ (c), for any contract advertised and entered into by the City after the effective date of this section that provides for the storage of City data, the Chief Procurement Officer shall allocate to any qualified bidder an earned credit of: (A) two percent of the contract base bid for ensuring that all such City data are stored within the State of Illinois outside the corporate boundaries of the City; and (B) four percent of the contract base bid for ensuring that all such City data are stored within the corporate boundaries of the City other than at a City-owned data center.

(Omitted text is unaffected by this ordinance)

(d) Any contract advertised and entered into by the City after the effective date of this section that provides for the storage of any City data shall include a requirement that the contractor enter into, and maintain for the duration of the contract, a labor peace agreement with any union representing or attempting to represent workers who operate and maintain critical systems or equipment used or maintained by the data center. For the purposes of this subsection, “critical system or equipment” includes, but is not limited to, climate control equipment, pumps, fire life safety equipment, backup power generators, building automation system controls, and water treatment systems.

(e) The Chief Information Officer and Chief Procurement Officer are authorized to adopt rules for the proper administration and enforcement of this section. The Chief Information Officer is authorized to define by rule the terms “data center” and “critical system and or equipment” for purposes of this section.

GILBERT VILLEGAS
Alderman, 36th Ward
