Tax Increment Financing District

Eligibility Study, Redevelopment Plan, and Project Amendment No. 6

PLAN AMENDMENT NO. 6 SUMMARY

The Illinois General Assembly passed the Tax Increment Allocation Redevelopment Act, 65 ILCS 5/11-74.4-1 et seq., as amended from time to time (the “Act”), to provide municipalities with the mechanism to address blighted conditions, encourage private investment and to restore and enhance the tax base through development and redevelopment of project areas. To induce redevelopment pursuant to the Act, the Chicago City Council adopted three ordinances on February 16, 2000 approving the Central West Redevelopment Project Area Tax Increment Financing District Eligibility Study, Redevelopment Plan, and Project (the “Original Plan”); designating the original Central West Redevelopment Project Area (the “Original Central West RPA”); and adopting tax increment allocation financing for the Original Central West RPA.

The Original Plan was amended as described below:

Amendment Number	Amendment Date	Amendment Purpose
Amendment 1	March 12, 2008	(i) to expand the Original Central West RPA to include an additional 144 tax parcels (the “2008 Expansion Area”); (ii) to update plan language and budget line items to incorporate recent amendments to the Act; (iii) to update the budget for the Original Central West RPA; and (iv) to change the future land use of one block from institutional to mixed-use.
Amendment 2	September 8, 2011	to change the Proposed Future Land Use map.
Amendment 3	February 10, 2016	(i) to change the future land use of City-owned parcels from institutional to mixed-use; and (ii) to change the Proposed Future Land Use map.
Amendment 4	October 31, 2018	(i) to change the future land use of City-owned parcels to residential use; and (ii) to change the Proposed Future Land Use map.
Amendment 5	December 16, 2024	(i) to extend its term by 12 years for a completion date of December 31, 2034; and (ii) to amend the estimated redevelopment costs.

The Original Plan, as previously amended, is being further amended to:

1. Update the estimated redevelopment project costs;
2. Bring the Original Plan up to the current City of Chicago (the "City") ordinance and policy standards;
3. Update the Land Use Plan map;
4. Expand the boundaries to include an additional 55 tax parcels;
5. Remove 2,798 tax parcels; and
6. Update maps to reflect the Central West Redevelopment Project Area ("Central West RPA"), as amended.

The changes identified above, collectively, are encapsulated in this document, referred to as Amendment No. 6, and serve as a supplement to the Original Plan. The Original Plan, as amended by Amendment No. 1 through Amendment No. 6, is referred to herein as the "Amended Plan."

On and after November 1, 1999, no existing redevelopment plan may be amended if the redevelopment plan causes the displacement of residents from 10 or more inhabited residential units unless the municipality undertakes a housing impact study or certifies that such displacement will not result from the plan. The City hereby certifies that there will not be displacement of 10 or more inhabited units within the redevelopment project area. As such, a housing impact study is not required as part of Amendment No. 6.

Amendment No. 6 summarizes the analyses and findings of the Johnson Research Group, Inc. ("JRG"), which, unless otherwise noted, is the responsibility of JRG. The City is entitled to rely on the findings and conclusions of this Amended Plan and related 2026 Expansion Area Eligibility Study in designating the 2026 Expansion Area (hereinafter defined) as a redevelopment project area under the Act. JRG has prepared this Amendment No. 6 and the related 2026 Expansion Area Eligibility Study with the understanding that the City would rely: 1) on the findings and conclusions of Amendment No. 6 and the related 2026 Expansion Area Eligibility Study in proceeding with the expansion of the Central West RPA and the adoption and implementation of Amendment No. 6, and 2) on the fact that JRG has obtained the necessary information so that Amendment No. 6 and the related 2026 Expansion Area Eligibility Study will comply with the Act.

MODIFICATIONS TO THE AMENDED PLAN AND PROJECT

The changes to the Central West Redevelopment Plan and Project are presented section by section and follow the format of the Original Plan. This Amendment No. 6 document serves as a supplement to the sections of the Original Plan that remain unchanged.

Wherever the term "Expansion Area" is used in the Eligibility Study, Redevelopment Plan, and Project, either as a stand-alone phrase or preceded by the phrase "Central West RPA," replace such term with either "2008 Expansion Area" or "2026 Expansion Area," as applicable.

Modification to Appendices

Appendices 1 and 4 are replaced with Appendices 1 and 4 as attached to this Amendment No. 6.

Modifications to Maps

Maps 1 and 2 are replaced with Maps 1 and 2 as attached to this Amendment No. 6.

A new map, entitled Map 3A. Existing Land Use: 2026 Expansion Area, is added and attached to this Amendment No. 6.

A new map, entitled Map 4P. Summary of Vacant Area Factors: 2026 Expansion Area, is added and attached to this Amendment No. 6.

Map 5 is replaced with Map 5 as attached to this Amendment No. 6.

1. Executive Summary

Delete the paragraph before the subsection heading "Determination of Eligibility" and replace with the following:

In 2025, JRG was engaged by the City to conduct a study of certain properties within the interior boundary of the Central West RPA to determine whether these properties would qualify as a "blighted area" and/or "conservation area" under the Act, in order to be incorporated in the Central West RPA. This report details eligibility factors found within the 2026 Expansion Area in support of its designation as a redevelopment project area, and in support of its addition to the Central West RPA.

The 2026 Expansion Area consists of 55 tax parcels on 13 full and partial tax blocks and contains approximately 43.8 acres of land.

The 2026 Expansion Area is currently used for surface parking lots that serve patrons of the United Center and is categorized, for purposes of eligibility analysis, as vacant land.

The Central West Redevelopment Project Area, as amended by Amendment No. 6, shall be referred to as the "Central West RPA."

Determination of Eligibility

At the end of this section, insert the following:

This report also concludes that the 2026 Expansion Area is eligible for designation as a blighted area under the vacant land criteria in the Act.

Redevelopment Plan Goal, Objectives, and Strategies

There are no changes to this subsection.

Required Findings

After the fifth paragraph insert the following language:

The 2026 Expansion Area has experienced minimal new investment over the last two decades. In the period from 2006 through January 2026, there was virtually no development activity within the 2026 Expansion Area. A total of five (5) building permits were issued in this 20-year time period, each of which were related to temporary needs for special events such as tents, temporary power generators, and temporary wireless communications equipment. According to records obtained from the Department of Buildings, the total value of these permits within the 2026 Expansion Area was \$231,000.

Delete the last sentence in the sixth paragraph and replace with the following:

"But for the creation of the Original Central West RPA and its amendments to include the 2008 Expansion Area and the 2026 Expansion Area, the redevelopment of the Central West RPA, on a coordinated and comprehensive basis, is not expected to occur."

2. Introduction

The Study Area

At the end of this subsection, insert the following paragraphs:

2026 Expansion Area

In 2025, JRG was engaged by the City to conduct a study of the “2026 Expansion Area” (as defined below) to determine whether these properties would qualify as a “blighted area” or “conservation area” under the Act, in order to be incorporated into the Central West RPA. The 2026 Expansion Area is irregularly shaped and roughly bounded by Washington Street on the north; Hermitage Street and Paulina Avenue on the east; Adams Street on the south; Seeley Avenue on the west; and excludes the improved blocks bounded by Madison Street on the north; Hermitage Street and Wood Street on the east; Adams Street and Monroe Street on the south and Winchester Avenue on the west (the “2026 Expansion Area”). The 2026 Expansion Area is composed of 55 tax parcels on 13 full and partial tax blocks.

The community context of the 2026 Expansion Area is detailed on Map 1.

As part of Amendment No. 6, 2,798 tax parcels encompassing 73 acres generally located east of Ogden Avenue (the “Removed Area”) as illustrated in Map 2 are to be removed from the Amended Project Area.

Map 2 details the changes to the boundary of the Central West RPA including the 2026 Expansion Area and the Removed Area. The Central West RPA includes only contiguous parcels of real property that are expected to substantially benefit from the Amended Plan improvements discussed herein. The boundaries of the 2026 Expansion Area encompass vacant land utilized for surface parking. The area as a whole has remained underutilized and undeveloped for more than two decades and exhibits the presence of sufficient eligibility factors to qualify as a blighted area under the vacant area criteria of the Act.

The 2026 Expansion Area Eligibility Study and Amendment No. 6 summarize the analyses and findings of JRG’s work, which, unless otherwise noted, is the responsibility of JRG. The City is entitled to rely on the findings and conclusions of this Amendment No. 6 in designating the Central West RPA as a redevelopment project area under the Act. JRG has prepared this Amendment No. 6 and the related 2026 Expansion Area Eligibility Study with the understanding that the City would rely: 1) on the findings and conclusions of Amendment No. 6 and the related 2026 Expansion Area Eligibility Study in proceeding with the designation of the 2026 Expansion Area and the amendment of the Central West RPA to include the 2026 Expansion Area, and the adoption and implementation of the Amended Plan, and 2) on the fact that JRG has obtained the necessary information so that Amendment No. 6 and the 2026 Expansion Area Eligibility Study will comply with the Act.

The Central West RPA, as amended, is generally bounded by Lake Street and Monroe Street on the north, Ogden Avenue, Ashland Avenue and Peoria Street on the east, Van Buren Street and Flournoy Street on the south, and Damen Avenue and Western Avenue on the west. The legal description for the Central West RPA, as amended, is included in Appendix 1.

History of Area

There are no changes to this subsection.

Existing Land Use: Original Central West RPA

There are no changes to this subsection.

Existing Land Use: 2008 Expansion Area

At the end of this subsection the following is inserted:

Existing Land Use: 2026 Expansion Area

Based upon JRG's research, the existing land use pattern for the 2026 Expansion Area is vacant land. Existing land use for the 2026 Expansion Area is shown in Map 3A attached to this Amended Plan.

3A. Eligibility Analysis: Original Central West RPA

There are no changes to this section.

3B. Eligibility Analysis: 2008 Expansion Area

At the end of this section, insert a new section as follows:

3C. Eligibility Study: 2026 Expansion Area

Provisions of the Illinois Tax Increment Allocation Redevelopment Act

Based upon the conditions documented within the 2026 Expansion Area, JRG has concluded that the 2026 Expansion Area meets the eligibility requirements of the Act as a vacant blighted area. The following text outlines the provisions of the Act to establish eligibility.

The Illinois General Assembly made these key findings in adopting the Act:

1. That there exists in many municipalities within the state blighted areas and conservation areas;
2. That as a result of the existence of blighted areas and areas requiring conservation, there is an excessive and disproportionate expenditure of public funds, inadequate public and private investment, unmarketability of property, growth in delinquencies and crime, and housing and zoning law violations in such areas together with an abnormal exodus of families and businesses so that the decline of these areas impairs the value of private investments and threatens the sound growth and the tax base of taxing districts in such areas, and threatens the health, safety, morals, and welfare of the public; and
3. That the eradication of blighted areas and the treatment and improvement of conservation areas by redevelopment projects are essential to the public interest.

To ensure that the exercise of these powers is proper and in the public interest, the Act also specifies certain requirements that must be met before a municipality can proceed with implementing a redevelopment project. One of these requirements is that the municipality must demonstrate that a prospective redevelopment project area qualifies either as a blighted area, a conservation area, or a combination of blighted and conservation areas within the definitions for each set forth in the Act (Section 11-74.4-3).

The 2026 Expansion Area includes only unimproved parking lots, which for purposes of this study are evaluated as vacant land and therefore evaluated under the blighted area criteria.

Blighted areas are defined as: 1) any improved area in which buildings or improvements are detrimental to the public safety, health or welfare because of a combination of 5 or more of the thirteen (13) improved area eligibility factors set forth in the Act; or 2) any vacant area in

which its sound growth is impaired by the presence of either of two sets of vacant area eligibility criteria set forth in the Act.

Section 11-74.4.3 of the Act defines the two (2) sets of eligibility criteria for vacant areas. To support a designation as a blighted area at least one of the two sets of qualifying criteria must be: (i) present to a meaningful extent and that presence documented so that the City may reasonably find that the factor is clearly present within the intent of the Act and (ii) reasonably distributed throughout the vacant part of the Project Area.

1. The vacant area exhibits a combination of 2 or more of the following 6 factors:
 - (a) Obsolete platting of the vacant land
 - (b) Diversity of ownership
 - (c) Tax and special assessment delinquencies or the subject of tax sales
 - (d) Deterioration of structures or site improvements in adjacent areas
 - (e) Environmental remediation costs have been incurred or are required
 - (f) Declining or lagging rate of growth of total equalized assessed valuation
2. The vacant area is impaired by one of the following factors:
 - (a) The area consists of one or more unused quarries, mines or strip mine ponds.
 - (b) The area consists of unused railyards, rail tracks or railroad rights-of-way.
 - (c) The area is subject to chronic flooding.
 - (d) The area consists of an unused or illegal disposal site.
 - (e) The area had been designated as a town or village center and not developed as such.
 - (f) The area qualified as a blighted improved area immediately prior to becoming vacant.

Methodology Overview and Determination of Eligibility

An analysis was made of each of the factors listed in the Act for vacant areas to determine whether each or any factors are present in the 2026 Expansion Area, and if so, to what extent and in what locations. Surveys and analyses conducted by JRG included:

1. Exterior survey of the condition and use of all buildings and sites;
2. Analysis of the existing uses within the 2026 Expansion Area and their relationships to the surroundings;
3. Comparison of current land use to current zoning ordinance and the current zoning map;
4. Analysis of original platting and current parcel size and layout;
5. Analysis of vacant parcels and buildings;
6. Review of previously prepared plans, studies and data;
7. Analysis of historical photos of the 2026 Expansion Area properties;
8. A review of 10 separate Phase I and Phase II environmental studies conducted between 2021 and 2024;
9. Analysis of storm, sanitary sewer lines and water supply lines within the 2026 Expansion Area via existing infrastructure maps provided by the City's Department of Water Management;
10. Analysis of the City's building permit data for the period from 2006 through January 2026 and building code violation data for the same period;

11. Analysis of Cook County Assessor records for assessed valuations and equalization factors for tax parcels in the 2026 Expansion Area for assessment years 2018 to 2024; and
12. Review of Cook County Treasurer property tax payment records for collection years 2021 to 2024.

A statement of findings is presented for each factor listed in the Act. The conditions that exist and the relative extent to which each factor is present are described below.

A factor noted as "not present" indicates either that no information was available or that no evidence could be documented as part of the various surveys and analyses. A factor noted as present to a limited extent indicates that conditions exist that document that the factor is present, but that the distribution or impact of the condition is limited. Finally, a factor noted as present to a meaningful extent indicates that conditions exist which document that the factor is present throughout the 2026 Expansion Area and that the presence of such conditions have an adverse impact or influence on adjacent and nearby development.

Vacant Blighted Area Findings

The 2026 Expansion Area encompasses 55 unimproved parcels of land that are contiguous to the Original Central West RPA and described in more detail above. The following is the summary evaluation of the eligibility criteria for the 2026 Expansion Area. The 2026 Expansion Area criteria presented below are illustrated in *Map 4P. Summary of Vacant Area Factors: 2026 Expansion Area*.

1. Environmental Remediation

Pursuant to Section 11-74.4-3 (a)(2)(E) of the Act, this factor applies if "the area has incurred Illinois Environmental Protection Agency (ILEPA) or United States Environmental Protection Agency remediation costs for, or a study conducted by an independent consultant recognized as having expertise in environmental remediation has determined a need for, the clean-up of hazardous waste, hazardous substances, or underground storage tanks required by State or federal law, provided that the remediation costs constitute a material impediment to the development or redevelopment of the redevelopment project area."

All 13 blocks in the 2026 Expansion Area have been the study of one or more Phase I and Phase II Environmental Site Assessment Reports conducted by environmental consulting firms between the period from 2021 to 2024. These studies identified known or suspect environmental conditions on or near their subject properties including recognized environmental conditions (RECs) and historical recognized environmental conditions (HRECs).

Phase I studies have identified numerous RECs and HRECs within the vacant areas that may require clean-up, mitigation, removal of underground storage tanks (USTs), and possible environmental remediation. RECs and HRECs documented in these reports include:

- Dozens of historic USTs located in the 2026 Expansion Area that have no record of removal;
- Tanks removed before 1986 which preceded Leaking Underground Storage Tank (LUST) regulations and have no record of soil sampling;
- Records indicating that USTs would have contained fuel oil, gasoline, waste oil, benzene, and turpentine;
- Documented incidents of LUSTs from 1993;

- Historical uses that include dry cleaners, filling stations, sheet metal works, auto repair operations, and manufacturing;
- Unknown fill material associated with the demolition of numerous residential structures and backfilling basements;
- Phase II studies conducted on the same properties further indicate environmental contamination including:
 - Soil contaminants that exceed IEPA TACO Tier 1 soil remediation objectives (SROs);
 - Polynuclear aromatic hydrocarbons (PNAs) reported in select groundwater samples; and
- Further investigation recommended including additional soil and groundwater investigations and enrolling several sites within the 2026 Expansion Area in the IEPA site remediation program (SRP).

In addition to known RECs, the Great Chicago Fire of 1871 is generally known to have created what is called “Chicago fill” because of materials that were burned and destroyed during the fire. It is likely that most or all of the properties in the 2026 Expansion Area are affected to some degree. Upon redevelopment of each parcel, much of the material will have to be removed and responsibly disposed of off-site to accommodate basements, footings, utilities, and underground development activities. Some of the material may be able to be reused onsite if encapsulated by engineered barriers (e.g., building foundations, parking lots).

Furthermore, for any locations where USTs or other environmental conditions have previously been remediated and received regulatory closure (e.g., a tank removed in 1995 which received a No Further Remediation letter), any such previous regulatory closure may no longer be valid because of changes in regulations which have occurred since that time. For any such environmental conditions, investigations will need to be “reopened” and potential additional remediation will be required to comply with current standards (e.g., today there are standards affecting contaminants in soil gas which can migrate through floor slabs to create unsafe indoor air, i.e., vapor intrusion, and these requirements only came into effect about 10 years ago).

Conclusion: *Known RECs identified above impact five of the 13 blocks within the 2026 Expansion Area, creating additional burden and risks to redevelopment. As a result, the factor of environmental remediation is considered present to a meaningful degree and reasonably distributed throughout the 2026 Expansion Area.*

2. Declining or Lagging EAV

Section 11-74.4-3 of the Act defines declining or lagging equalized assessed valuation: The total equalized assessed value of the proposed redevelopment project area has declined for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the balance of the municipality for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the Consumer Price Index for All Urban Consumers published by the United States Department of Labor or successor agency for 3 of the last 5 calendar years for which information is available.

Over the period from 2019 to 2024, the total equalized assessed valuation (EAV) of the 2026 Expansion Area has increased at a slower rate than the Consumer Price Index for three of

those years. These figures are shown below in *Table 1. Growth of 2026 Expansion Area vs. Consumer Price Index and City of Chicago*.

Table 1. Growth of 2026 Expansion Area vs. Consumer Price Index and City of Chicago

Year	EAV of 2026 Expansion Area	Percent Change	CPI-All Urban Consumers	Percent Change	Slower than CPI Growth?	EAV of Remainder of City of Chicago	Percent Change
2019	12,110,383		256.974			87,804,066,934	
2020	13,293,611	9.8%	260.474	1.4%	No	89,501,675,703	1.9%
2021	12,471,074	-6.2%	278.802	7.0%	Yes	96,901,409,482	8.3%
2022	12,142,964	-2.6%	296.797	6.5%	Yes	96,879,035,735	0.0%
2023	12,527,564	3.2%	306.746	3.4%	Yes	99,632,717,339	2.8%
2024	55,104,579	339.9%	315.605	2.9%	No	109,759,681,728	10.2%

2019 to 2024 is the most recent five-year period for which data is available for the 2026 Expansion Area and the City.

Percent Change reflects the annual growth in EAV from the prior year (e.g. 9.8% change in the 2026 Expansion Area EAV for Year 2020 represents the increase in EAV from 2019 to 2020).

Conclusion: *Factor is Present. The EAV of the 2026 Expansion Area increased at an annual rate less than the Consumer Price Index for All Urban Consumers in three of the last five years. As a result, Declining or Lagging EAV is meaningfully present and reasonably distributed in the 2026 Expansion Area.*

4. Redevelopment Project & Plan

Redevelopment Plan Elements

In paragraph eight of this subsection, the following bullet is added after the sixth bullet:

- New or renovated public transit station and infrastructure improvements

5. Financial Plan

Estimated Redevelopment Project Costs

This subsection is deleted in its entirety and replaced with the following:

The estimated eligible costs of this Redevelopment Plan are shown in Table 2. The total eligible cost provides an upper limit on expenditures that are to be funded using tax increment revenues, exclusive of capitalized interest, issuance costs, interest, and other financing costs. Within this limit, adjustments may be made in line items without amendment to the Redevelopment Plan. Additional funding in the form of State and Federal grants, private developers' contributions and other outside sources may be pursued by the City as a means of financing improvements and facilities which are of benefit to the general community.

Table 2: Estimated Redevelopment Project Costs

Program Action/Improvement	Budget
Analysis, Administration, Studies, Surveys, Legal, Marketing, etc.	\$12,000,000
Property Assembly including Acquisition, Site Preparation, Demolition, Environmental Remediation	\$79,000,000
Rehabilitation of Existing Buildings, Fixtures, and Leasehold Improvements and Rehabilitation Cost	\$146,000,000
Affordable Housing Construction	\$118,000,000
Public Works and Improvements, including streets and utilities, parks, open space, public facilities (schools & other public facilities) ¹	\$203,000,000
Job Training, Retraining, Welfare to Work	\$15,700,000
Relocation Costs	\$8,000,000
Interest Subsidy (Developer Interest Costs)	\$48,000,000
Day Care	\$300,000
TOTAL REDEVELOPMENT COSTS ^{[2][3]}	\$630,000,000^[4]

[1] This category may also include paying for or reimbursing (i) an elementary, secondary or unit school district's increased costs attributed to assisted housing units, and (ii) capital costs of taxing districts impacted by the redevelopment of the Project Area. As permitted by the Act, to the extent the City by written agreement accepts and approves the same, the City may pay or reimburse all or a portion of a taxing district's capital costs resulting from a redevelopment project necessarily incurred or to be incurred within a taxing district in furtherance of the objectives of the Amended Plan.

[2] Total Redevelopment Project Costs represent an upper limit on expenditures that are to be funded using tax increment revenues and exclude any additional financing costs, including any interest expense, capitalized interest and costs associated with optional redemptions. These costs are subject to prevailing market conditions and are in addition to Total Redevelopment Project Costs. Within this limit, adjustments may be made in line items without amendment to this Amended Plan, to the extent permitted by the Act.

[3] The amount of the Total Redevelopment Project Costs that can be incurred in the Project Area will be reduced by the amount of redevelopment project costs incurred in contiguous redevelopment project areas, or those separated from the Project Area only by a public right-of-way, that are permitted under the Act to be paid, and are paid, from incremental property taxes generated in the Project Area, but will not be reduced by the amount of redevelopment project costs incurred in the Project Area which are paid from incremental property taxes generated in contiguous redevelopment project areas or those separated from the Project Area only by a public right-of-way.

[4] All costs are stated in 2026 dollars. The costs stated in this Estimated Redevelopment Project Costs table may be increased by five percent (5%) after adjusting for inflation reflected in the Consumer Price Index (CPI) for All Urban Consumers for All Items for the Chicago-Gary- Kenosha, IL-IN-WICMSA, published by the U.S. Department of Labor. Additional funding from other sources such as federal, state, county, or local grant funds may be utilized to supplement the City's ability to finance Redevelopment Project Costs identified above.

Adjustments to the estimated line-item costs in Table 2 are expected and may be made by the City without amendment to the Amended Plan. Each individual project cost will be re-evaluated in light of projected private development and resulting incremental tax revenues as it is considered for public financing under the provisions of the Act. The totals of line items set forth above are not intended to place a limit on the described expenditures. Adjustments may be made in line items within the total, either increasing or decreasing line-item costs as a result of changed redevelopment costs and needs.

Most Recent Equalized Assessed Valuation of Properties in the Redevelopment Project Area

This subsection is deleted in its entirety and replaced with the following:

The purpose of identifying the most recent equalized assessed valuation ("EAV") of the Project Area is to provide an estimate of the initial EAV which the Cook County Clerk will certify for the purpose of annually calculating the incremental EAV and incremental property taxes of the Central West RPA. The Certified Initial EAV is known for all parcels except those within the 2026 Expansion Area. The Certified Initial EAV of all taxable parcels in the Central West RPA prior to the 2026 amendments to the Central West RPA, is \$85,481,254. The 2024 EAV for all parcels in the 2026 Expansion Area is \$55,104,579. The Certified Initial EAV of all taxable parcels to be removed from the Central West RPA is \$29,672,154. Consequently, the estimated net total initial EAV of all taxable parcels in the Central West RPA is \$110,913,679, as shown in the calculation below.

PIN Changes	Estimated Initial EAV
Central West RPA parcels (prior to Amendment No. 6)	\$85,481,254
Plus 2026 Expansion Area parcels	+55,104,579
Minus Removed Area parcels	-29,672,154
Estimated Initial EAV: Central West RPA	\$110,913,679

This total EAV amount by PIN is summarized in Appendix 4. The EAV is subject to verification by the Cook County Clerk. After verification, the final figure shall be certified by the Cook County Clerk and shall become the Certified Initial EAV from which all incremental property taxes in the Redevelopment Project Area will be calculated by Cook County. If the 2025 EAV shall become available prior to the date of adoption of Amendment No. 6 by the City Council, the City may update the Amended Plan by replacing the 2024 EAV with the 2025 EAV (for the 2026 Expansion Area parcels only) without further City Council action.

Anticipated Equalized Assessed Valuation

This subsection is deleted in its entirety and replaced with the following:

By 2035, the EAV for the Central West RPA could be approximately \$1,172,000,000. This estimate is based on several key assumptions, including: 1) an inflation factor of 3% per year on the EAV of all properties within the Central West RPA, with its cumulative impact occurring in each triennial reassessment year; 2) substantial redevelopment of vacant and underutilized sites with residential, mixed use, and commercial properties; 3) an equalization factor of 3.0355; and 4) a tax rate of 6.618% for the duration of the Central West RPA.

6. Required Findings and Tests

Lack of Growth and Private Investment: Original Central West RPA

There are no changes to this section.

Lack of Growth and Private Investment: 2008 Expansion Area

At the end of this subsection insert the following subsection:

Lack of Growth and Private Investment: 2026 Expansion Area

In order to assess the level of private investment within the 2026 Expansion Area, JRG analyzed data obtained from available sources. This data includes the assessed values of taxable properties within the 2026 Expansion Area and building permit records obtained from the City of Chicago Department of Buildings for projects within the 2026 Expansion Area.

As discussed in the eligibility analysis above, the EAV of taxable properties within the 2026 Expansion Area have not kept pace with the Consumer Price Index for three of the previous five years.

Additionally, in the period from 2006 through January 2026, there was virtually no construction activity within the 2026 Expansion Area. There were only five building permits issued in this twenty-year time period, all of which were related to temporary needs for special events such as tents, temporary power generators, and temporary wireless communications equipment. According to records obtained from the Department of Buildings, the total value of these permits within the 2026 Expansion Area was \$231,000.

But for....

Delete the last sentence in the second paragraph and replace it with the following:

Accordingly, but for the creation of the Original Central West RPA and its expansion to include the 2008 Expansion Area and the 2026 Expansion Area, these projects, which would contribute substantially to area-wide redevelopment, are unlikely to occur in a coordinated and comprehensive manner without intervention from the City.
