AMENDMENT NO. 4 TO PILSEN TAX INCREMENT FINANCING
REDEVELOPMENT PROJECT AND PLAN

[see attached]

THE PILSEN TAX INCREMENT FINANCING REDEVELOPMENT PROJECT AND PLAN

Adopted Plan: June 10, 1998

Amendment No. 1: November 12, 2003

Amendment No. 2: September 1, 2004

Amendment No. 3: October 26, 2022

Amendment No. 4

Report Date: May 1, 2026

City of Chicago
Brandon Johnson, Mayor

Department of Planning and Development
Ciere Boatright, Commissioner

Prepared by
Johnson Research Group, Inc.

Chicago, Illinois 60602

EXECUTIVE SUMMARY

The Illinois General Assembly passed the Tax Increment Allocation Redevelopment Act, 65 ILCS 5/11-74.4-1 et seq., as amended (the "Act"), to provide municipalities with the mechanism to address blighted conditions, encourage private investment and to restore and enhance the tax base through development and redevelopment of project areas. To induce redevelopment pursuant to the Act, the City of Chicago City Council adopted three ordinances on June 10, 1998 approving the Pilsen Tax Increment Financing Redevelopment Project and Plan (the "Original Plan"); designating the Pilsen Redevelopment Project Area (the "Redevelopment Project Area"); and adopting tax increment financing for the Redevelopment Project Area (the "Pilsen TIF").

The Original Plan was amended as described below:

Amendment Number	Amendment Date	Amendment Purpose
Amendment 1	November 12, 2003	(i) update plan language and budget line items to incorporate amendments to the Act; (ii) extend its term for a completion date of December 31, 2022
Amendment 2	September 1, 2004	change the Land Use Plan
Amendment 3	October 26, 2022	extend its term by 12 years for a completion date of December 31, 2034

The Original Plan is being further amended to:

1. Amend the estimated redevelopment project costs;
2. Update the Land Use Plan; and
3. Bring the Original Plan up to the current City ordinance and policy standards.

These changes, collectively, are encapsulated in this document, referred to as Amendment No. 4, and serve as a supplement to the Original Plan and subsequent amendments. The Original Plan, as amended by Amendment No. 1 through Amendment No. 4, is referred to herein as the "Amended Plan".

Amendment No. 4 summarizes the analyses and findings of Johnson Research Group, Inc. ("JRG"), which, unless otherwise noted, is the responsibility of JRG. The City is entitled to rely on the findings and conclusions of this Amendment No. 4. JRG has prepared this Amendment No. 4 with the understanding that the City would rely: 1) on the findings and conclusions of Amendment No. 4 and 2) on the fact that JRG has obtained the necessary information so that Amendment No. 4 will comply with the Act.

MODIFICATIONS TO THE PILSEN TAX INCREMENT FINANCING REDEVELOPMENT PROJECT AND PLAN

The changes to the Pilsen Tax Increment Financing Redevelopment Project and Plan are presented section by section and follow the format of the Original Plan. This Amendment No. 4 document serves as a supplement to the sections of the Original Plan that remain unchanged.

V. REDEVELOPMENT PROJECT

In paragraph one, the following text is inserted after the second sentence:

This Amended Plan is consistent with the City's most current plans and policies including, Pilsen: A Center of Mexican Life (2006); Industrial Renaissance: Establishing a Creative Industries District, Cermak Road (2007); Chicago Sustainable Industries (2013); and Pilsen and Little Village Action Plan (2018 Draft).

A. Overall Redevelopment Concept

No changes.

B. Land Use Plan

In paragraph four, the text "residential," is inserted after "Existing".

C. Planning Subareas

No changes.

D. Development and Design Objectives

No changes.

E. Redevelopment Improvements and Activities

Section V.E. is deleted in its entirety and replaced with the following:

The City proposes to achieve its redevelopment goals and objectives for the Project Area through the use of public financing techniques including, but not limited to, tax increment financing, to undertake some or all of the activities and improvements authorized under the Act, including the activities and improvements described below. The City also maintains the flexibility to undertake additional activities and improvements authorized under the Act, if the need for activities or improvements change as redevelopment occurs in the Project Area.

The City may enter into redevelopment agreements or intergovernmental agreements with private entities or public entities to construct, rehabilitate, renovate or restore private or public improvements on one or several parcels (collectively referred to as "Redevelopment Projects"). Redevelopment agreements may contain terms and provisions that are more specific than the general principles set forth in this Redevelopment Plan and which include affordable housing requirements as described below.

The City requires that developers who receive TIF assistance for market-rate housing set aside 20 percent of the units to meet affordability criteria established by the City's Department of Planning and Development or any successor agency. Generally, this means the affordable for-sale units should be priced at a level that is affordable to persons earning no more than 100 percent of the area median income, and affordable rental units should be affordable to persons earning no more than 60 percent of the area median income. From time to time, the City changes the affordability requirements and thresholds, and developers seeking TIF assistance or zoning changes will be required to comply with the City's affordability requirements in force at the time of commencing their project.

1. Property Assembly

To meet the goals and objectives of this Amended Plan, the City may acquire and assemble property throughout the Project Area. Land assemblage by the City may be by purchase, exchange, donation, lease, eminent domain, through the Tax Reactivation Program or other programs and may be for the purpose of (a) sale, lease or conveyance to private developers, or (b) sale, lease, conveyance or dedication for the construction of public improvements or facilities. Furthermore, the City may require written redevelopment agreements with developers before acquiring any properties. As appropriate, the City may devote acquired property to temporary uses until such property is scheduled for disposition and development.

In connection with the City exercising its power to acquire real property, including the exercise of the power of eminent domain, under the Act in implementing the Plan, the City will follow its customary procedures of having each such acquisition recommended by the Community Development Commission (or any successor commission) and authorized by the City Council of the City. Acquisition of such real property as may be authorized by the City Council does not constitute a change in the nature of this Plan.

2. Relocation

Relocation assistance may be provided in order to facilitate redevelopment of portions of the Project Area, and to meet the other City objectives. Businesses or households legally occupying properties to be acquired by the City may be provided with relocation advisory and financial assistance as determined by the City.

3. Provision of Public Works or Improvements

The City may provide public improvements and facilities that are necessary to service the Project Area in accordance with this Amended Plan and the comprehensive plan for

development of the City as a whole. Public improvements and facilities may include, but are not limited to, the following:

a) Streets and Utilities

A range of individual roadway, utility and related improvement projects, from repair and resurfacing to major construction or reconstruction, may be undertaken.

b) Parks and Open Space

Improvements to existing or future parks, river walkways, open spaces and public plazas, including the construction of pedestrian walkways, stairways, lighting, landscaping and general beautification improvements may be provided for the use of the general public.

c) Transportation Infrastructure

Improvements and/or expansion of existing or future CTA Rapid Transit Stations and bus stops in the Redevelopment Project Area may be provided to support the increased demand resulting from future development within the Redevelopment Project Area. Enhancements to or expansion of the Paseo trail system, on-street bicycle path system, and bicycle stations may be provided to increase transportation options and recreational opportunities to, from and within the community.

2. Rehabilitation of Existing Buildings

The City will encourage the rehabilitation of public and private buildings that are basically sound and/or historically or architecturally significant. This includes properties individually designated as Chicago Landmarks, contributing properties to Chicago Landmark Districts, properties individually listed to the National Register of Historic Places, contributing properties to National Register of Historic Places-listed historic districts, and properties identified as either "orange" or "red" in the Chicago Historic Resources Survey.

4. Job Training and Related Educational Programs

Separate or combined programs designed to increase the skills of the labor force to meet employers' hiring needs and to take advantage of the employment opportunities within the Project Area may be implemented.

5. Taxing Districts Capital Costs

The City may reimburse all or a portion of the costs incurred by certain taxing districts in the furtherance of the objectives of this Amended Plan.

6. Interest Subsidies

Funds may be provided to redevelopers for a portion of interest costs incurred by a redeveloper related to the construction, renovation or rehabilitation of a redevelopment project provided that:

- (a) such costs are to be paid directly from the special tax allocation fund established pursuant to the Act;
- (b) such payments in any one year may not exceed 30 percent of the annual interest costs incurred by the redeveloper with respect to the redevelopment project during that year;
- (c) if there are not sufficient funds available in the special tax allocation fund to make the payment, then the amounts so due shall accrue and be payable when sufficient funds are available in the special tax allocation fund; and

- (d) the total of such interest payments paid pursuant to the Act may not exceed 30 percent of the total (i) costs paid or incurred by a redeveloper for a redevelopment project plus (ii) redevelopment project costs excluding any property assembly costs and any relocation costs incurred by the City pursuant to the Act.

7. Analysis, Administration, Studies, Surveys, Legal, etc.

The City may undertake or engage professional consultants, engineers, architects, attorneys, etc. to conduct various analyses, studies, surveys, administration or legal services to establish, implement and manage this Amended Plan.

F. Redevelopment Project Costs

Section V.F. is deleted in its entirety and replaced with the following:

The various redevelopment expenditures that are eligible for payment or reimbursement under the Act are reviewed below. Following this review is a list of estimated redevelopment project costs that are deemed to be necessary to implement this Amended Plan (the "Redevelopment Project Costs.")

In the event the Act is further amended after the date of the approval of this Amended Plan by the City Council of Chicago to (a) include new eligible redevelopment project costs, or (b) expand the scope or increase the amount of existing eligible redevelopment project costs (such as, for example, by increasing the amount of incurred interest costs that may be paid under 65 ILCS 5/11-74.4-3(q)(11)), this Amended Plan shall be deemed to incorporate such additional, expanded or increased eligible costs as Redevelopment Project Costs under the Amended Plan, to the extent permitted by the Act. In the event of such amendment(s) to the Act, the City may add any new eligible redevelopment project costs as a line item in Exhibit II or otherwise adjust the line items in Exhibit II without further amendment to this Amended Plan, to the extent permitted by the Act. In no instance, however, shall such additions or adjustments result in any increase in the total Redevelopment Project Costs without a further amendment to this Amended Plan.

1. Eligible Redevelopment Costs

Redevelopment project costs include the sum total of all reasonable or necessary costs incurred, estimated to be incurred, or incidental to this Amended Plan pursuant to the Act. Such costs may include, without limitation, the following:

- a) Costs of studies, surveys, development of plans and specifications, implementation and administration of the redevelopment plan including but not limited to, staff and professional service costs for architectural, engineering, legal, financial, planning or other services (excluding lobbying expenses), provided that no charges for professional services are based on a percentage of the tax increment collected;
- b) The costs of marketing sites within the Project Area to prospective businesses, developers and investors;
- c) Property assembly costs, including but not limited to, acquisition of land and other property, real or personal, or rights or interests therein, demolition of buildings, site preparation, site improvements that serve as an engineered barrier addressing ground level or below ground environmental contamination, including, but not

limited to parking lots and other concrete or asphalt barriers, and the clearing and grading of land;

- d) Costs of rehabilitation, reconstruction or repair or remodeling of existing public or private buildings, fixtures, and leasehold improvements; and the costs of replacing an existing public building if pursuant to the implementation of a redevelopment project the existing public building is to be demolished to use the site for private investment or devoted to a different use requiring private investment; including any direct or indirect costs relating to Green Globes or LEED certified construction elements or construction elements with an equivalent certification;
- e) Costs of the construction of public works or improvements including any direct or indirect costs relating to Green Globes or LEED certified construction elements or construction elements with an equivalent certification subject to the limitations in Section 11-74.4-3(q)(4) of the Act;
- f) Costs of job training and retraining projects including the cost of "welfare to work" programs implemented by businesses located within the Project Area;
- g) Financing costs including, but not limited to, all necessary and incidental expenses related to the issuance of obligations and which may include payment of interest on any obligations issued thereunder including interest accruing during the estimated period of construction of any redevelopment project for which such obligations are issued and for a period not exceeding 36 months following completion and including reasonable reserves related thereto;
- h) To the extent the City by written agreement accepts and approves the same, all or a portion of a taxing district's capital costs resulting from the redevelopment project necessarily incurred or to be incurred within a taxing district in furtherance of the objectives of the redevelopment plan and project;
- i) An elementary, secondary, or unit school district's increased costs attributable to assisted housing units will be reimbursed as provided in the Act;
- j) Relocation costs to the extent that the City determines that relocation costs shall be paid or is required to make payment of relocation costs by federal or state law or by Section 74.4-3(n)(7) of the Act;
- k) Payment in lieu of taxes, as defined in the Act;
- l) Costs of job training, retraining, advanced vocational education or career education, including but not limited to, courses in occupational, semi-technical or technical fields leading directly to employment, incurred by one or more taxing districts, provided that such costs: (i) are related to the establishment and maintenance of additional job training, advanced vocational education or career education programs for persons employed or to be employed by employers located in the Project Area; and (ii) when incurred by a taxing district or taxing districts other than the City, are set forth in a written agreement by or among the City and the taxing district or taxing districts, which agreement describes the program to be undertaken including but not limited to, the number of employees to be trained, a description of the training and services to be provided, the number and type of positions available or to be available, itemized costs of the program and sources of funds to pay for the same, and the term of the agreement. Such costs include,

specifically, the payment by community college districts of costs pursuant to Sections 3-37, 3-38, 3-40, and 3-40.1 of the Public Community College Act, 110 ILCS 805/3-37, 805/3-38, 805/3-40 and 805/3-40.1, and by school districts of costs pursuant to Sections 10-22.20a and 10-23.3a of the School Code, 105 ILCS 5/10-22.20a and 5/10-23.3a;

- m) Interest costs incurred by a redeveloper related to the construction, renovation or rehabilitation of a redevelopment project provided that:
 - 1. such costs are to be paid directly from the special tax allocation fund established pursuant to the Act;
 - 2. such payments in any one year may not exceed 30 percent of the annual interest costs incurred by the redeveloper with regard to the redevelopment project during that year;
 - 3. if there are not sufficient funds available in the special tax allocation fund to make the payment pursuant to this provision, then the amounts so due shall accrue and be payable when sufficient funds are available in the special tax allocation fund;
 - 4. the total of such interest payments paid pursuant to the Act may not exceed 30 percent of the total: (i) cost paid or incurred by the redeveloper for such redevelopment project, plus (ii) redevelopment project costs excluding any property assembly costs and any relocation costs incurred by the City pursuant to the Act; and
 - 5. The cost limits set forth in paragraphs 2 and 4 above shall be modified to permit payment of up to 75 percent of the interest cost incurred by a redeveloper for the financing of rehabilitated or new housing units for low-income households and very low-income households, as defined in Section 3 of the Illinois Affordable Housing Act.
- n) Instead of the eligible costs provided for in (m) 2, 4 and 5 above, the City may pay up to 50 percent of the cost of construction, renovation and/or rehabilitation of all low- and very low-income housing units (for ownership or rental) as defined in Section 3 of the Illinois Affordable Housing Act. If the units are part of a residential redevelopment project that includes units not affordable to low- and very low-income households, only the low- and very low-income units shall be eligible for benefits under the Act;
- o) The cost of daycare services for children of employees from low-income families working for businesses located within the Project Area and all or a portion of the cost of operation of day care centers established by Project Area businesses to serve employees from low-income families working in businesses located in the Project Area. For the purposes of this paragraph, "low-income families" means families whose annual income does not exceed 80 percent of the City, county or regional median income as determined from time to time by the United States Department of Housing and Urban Development;
- p) Unless explicitly provided in the Act, the cost of construction of new privately-owned buildings shall not be an eligible redevelopment project cost;

- q) If a special service area has been established pursuant to the Special Service Area Tax Act, 35 ILCS 235/0.01 et. seq. then any tax increment revenues derived from the tax imposed pursuant to the Special Service Area Tax Act may be used within the Project Area for the purposes permitted by the Special Service Area Tax Act as well as the purposes permitted by the Act.

G. Sources of Funds to Pay Redevelopment Project Costs

Section V.G. is deleted in its entirety and replaced with the following:

Funds necessary to pay for Redevelopment Project Costs and secure municipal obligations issued for such costs are to be derived primarily from Incremental Property Taxes. Other sources of funds which may be used to pay for Redevelopment Project Costs or secure municipal obligations are land disposition proceeds, state and federal grants, investment income, private financing and other legally permissible funds the City may deem appropriate. The City may incur redevelopment project costs which are paid for from funds of the City other than incremental taxes, and the City may then be reimbursed from such costs from incremental taxes. Also, the City may permit the utilization of guarantees, deposits and other forms of security made available by private sector developers. Additionally, the City may utilize revenues, other than State sales tax increment revenues, received under the Act from one redevelopment project area for eligible costs in another redevelopment project area that is either contiguous to, or is separated only by a public right-of-way from, the redevelopment project area from which the revenues are received.

The Project Area is contiguous to the Archer/Western and Red Line Extension (RLE) redevelopment project areas and may, in the future, be contiguous to or separated by only a public right-of-way from other redevelopment project areas created under the Act. The City may utilize net incremental property taxes received from the Project Area to pay eligible redevelopment project costs, or obligations issued to pay such costs, in other contiguous redevelopment project areas or project areas separated only by a public right-of-way, and vice versa, as permitted. The amount of revenue from the Project Area, made available to support such contiguous redevelopment project areas, or those separated only by a public right-of-way, when added to all amounts used to pay eligible Redevelopment Project Costs within the Project Area, shall not at any time exceed the total Redevelopment Project Costs described in this Redevelopment Plan.

The Project Area may become contiguous to, or be separated only by a public right-of-way from, redevelopment project areas created under the Industrial Jobs Recovery Law (65 ILCS 5/11-74.6-1, et seq.). If the City finds that the goals, objectives and financial success of such contiguous redevelopment project areas or those separated only by a public right-of-way are interdependent with those of the Project Area, the City may determine that it is in the best interests of the City and the furtherance of the purposes of the Redevelopment Plan that net revenues from the Project Area be made available to support any such redevelopment project areas, and vice versa. The City therefore proposes to utilize net incremental revenues received from the Project Area to pay eligible redevelopment project costs (which are eligible under the Industrial Jobs Recovery Law referred to above) in any such areas and vice versa. Such revenues may be transferred or loaned between the Project Area and such areas. The amount of revenue from the Project Area so made available, when added to all amounts used to pay eligible Redevelopment Project Costs within the Project Area or other areas as described in the preceding paragraph, shall not at any time exceed the total Redevelopment Project Costs described in Exhibit II of this Amended Plan.

H. Issuance of Obligations

Section V.H. paragraph 2 is deleted and replaced with the following:

The redevelopment project shall be completed, and all obligations issued to finance redevelopment project costs shall be retired, no later than December 31 of the year in which the payment to the City treasurer as provided in the Act is to be made with respect to ad valorem taxes levied in the thirty-fifth calendar year following the year in which the ordinance approving the Project Area is adopted.

Also, the final maturity date of any such obligations which are issued may not be later than 20 years from their respective dates of issue. One or more series of obligations may be sold at one or more times in order to implement this Amended Plan. Obligations may be issued on a parity or subordinated basis.

I. Valuation of the Project Area

1. Most Recent EAV of Properties in the Project Area

No changes.

2. Anticipated Equalized Assessed Valuation

Section V.I.2. is deleted in its entirety and replaced with the following:

By tax year 2033 (collection year 2034) and following the substantial completion of the Redevelopment Project, the EAV of the Project Area is estimated at approximately \$2,072,000,000. The estimate is based on several assumptions, including: 1) redevelopment of vacant and underutilized areas within the Project Area will occur in a timely manner; 2) an estimated annual inflation rate in EAV of 3 percent through 2033, realized in triennial reassessment years only; and 3) the most recent state equalization factor of 3.035 (2024 value) is used in all years to calculate estimated EAV.

VI. LACK OF GROWTH AND DEVELOPMENT THROUGH INVESTMENT BY PRIVATE ENTERPRISE

No changes.

VII. FINANCIAL IMPACT

No changes.

VIII. DEMAND ON TAXING DISTRICT SERVICES

No changes.

IX. CONFORMITY OF THE REDEVELOPMENT PLAN FOR THE PROJECT AREA TO LAND USES APPROVED BY THE PLANNING COMMISSION OF THE CITY

No changes.

X. PHASING AND SCHEDULING

No changes.

XI. PROVISIONS FOR AMENDING THIS REDEVELOPMENT PLAN

No changes.

XII. COMMITMENT TO FAIR EMPLOYMENT PRACTICES AND AFFIRMATIVE ACTION PLAN

Section XII is deleted in its entirety and replaced with the following:

The City is committed to and will affirmatively implement the following principles with respect to this Redevelopment Plan:

- A) The assurance of equal opportunity in all personnel and employment actions, with respect to the Redevelopment Project, including, but not limited to hiring, training, transfer, promotion, discipline, fringe benefits, salary, employment working conditions, termination, etc., without regard to race, color, sex, age, religion, disability, national origin, ancestry, sexual orientation, marital status, parental status, military discharge status, source of income, or housing status.
- B) Redevelopers must meet the City's standards for participation of 26 percent Minority Business Enterprises and 6 percent Woman Business Enterprises and the City Resident Construction Worker Employment Requirement as required in redevelopment agreements.
- C) This commitment to affirmative action and nondiscrimination will ensure that all members of the protected groups are sought out to compete for all job openings and promotional opportunities.
- D) Redevelopers will meet City standards for any applicable prevailing wage rate as ascertained by the Illinois Department of Labor to all project employees.

The City shall have the right in its sole discretion to exempt certain small businesses, residential property owners and developers from the above.

Estimated Redevelopment Project Costs

Eligible Expense	Estimated Cost
Analysis, Administration, Studies, Surveys, Legal, Marketing, etc.	\$25,000,000
Property Assembly including Acquisition, Site Preparation and Demolition, Environmental Remediation	\$149,000,000
Rehabilitation of Existing Buildings, Fixtures and Leasehold Improvements, Affordable Housing Construction and Rehabilitation Costs	\$166,000,000
Public Works & Improvements, including streets and utilities, transit infrastructure, parks and open space, public facilities (schools and other public facilities) ^[1]	\$398,000,000
Relocation Costs	\$8,000,000
Job Training, Retraining, Welfare-to-Work	\$50,000,000
Day Care Services	\$8,000,000
Interest Subsidy	\$26,000,000
TOTAL REDEVELOPMENT COSTS ^[2] ^[3]	\$830,000,000 ^[4]

^[1] This category may also include paying for or reimbursing (i) an elementary, secondary or unit school district's increased costs attributed to assisted housing units, and (ii) capital costs of taxing districts impacted by the redevelopment of the Project Area. As permitted by the Act, to the extent the City by written agreement accepts and approves the same, the City may pay, or reimburse all, or a portion of a taxing district's capital costs resulting from a redevelopment project necessarily incurred or to be incurred within a taxing district in furtherance of the objectives of the Amended Plan No. 4.

^[2] Total Redevelopment Project Costs represent an upper limit on expenditures that are to be funded using tax increment revenues and exclude any additional financing costs, including any interest expense, capitalized interest and costs associated with optional redemptions. These costs are subject to prevailing market conditions and are in addition to Total Redevelopment Project Costs. Within this limit, adjustments may be made in line items without amendment to this Plan, to the extent permitted by the Act.

^[3] The amount of the Total Redevelopment Project Costs that can be incurred in the Project Area will be reduced by the amount of redevelopment project costs incurred in contiguous redevelopment project areas, or those separated from the Project Area only by a public right-of-way, that are permitted under the Act to be paid, and are paid, from incremental property taxes generated in the Project Area, but will not be reduced by the amount of redevelopment project costs incurred in the Project Area which are paid from incremental property taxes generated in contiguous redevelopment project areas or those separated from the Project Area only by a public right-of-way.

^[4] All costs are in 2026 dollars and may be increased by five percent (5%) after adjusting for inflation reflected in the Consumer Price Index (CPI) for All Urban Consumers for All Items for the Chicago-Gary-Kenosha, IL-IN-WI CMSA, published by the U.S. Department of Labor.

Additional funding from other sources such as federal, state, county, or local grant funds may be utilized to supplement the City's ability to finance Redevelopment Project Costs identified above.
